

REMARKS

The present amendment makes editorial changes and corrects typographical errors in the specification, which includes the Abstract, in order to conform the specification to the requirements of United States patent practice. No new matter is added. Included is a Substitute Specification.

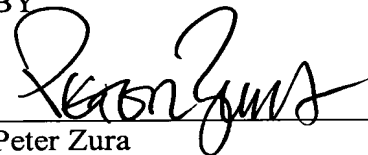

In addition, the present amendment cancels original claims 1-4 in favor of new claims 5-9. Claims 5-9 have been presented because revisions by red-lining and underlining which would have been necessary in claims 1-13 in order to present this claim in accordance with preferred United States patent practice would have been too extensive, and, thus, too burdensome. The present amendment is intended for clarification purposes only and not for substantial reasons related to patentability pursuant to U.S.C. §§101, 102, 103 or 112. Indeed, the cancellation of claims 1-4 does not constitute an intent on the part of the Applicants to surrender any of the subject matter of the claims.

Early consideration on the merits is respectfully requested.

Respectfully submitted,

BELL, BOYD & LLOYD LLC
